Findenser™ NS29 Cone, NS24 Socket

P/N: 505-81710-00

- The high performance Findenser™ as standard size (400 mm) is for syntheses under reflux with solvent voluments up to 1 liter.
- It can be secured with standard laboratory clamps or with the Findenser™ attachment kit (sold separately).
- Save water, space and costs with Findenser™!

Findenser™ NS29 Cone, NS24 Socket - Technical Data

Weight	1,200 g
Ambient temperature range (operation)	0 °C to 24 °C
Length x Diameter	400 mm x 72 mm
Cone / Joint Size	B29
Max. Solvent Load / Volume	1 litre of solvent in a 2 litre flask
Inner or wetted parts	Borosilicate glass
Finned jacket	Anodised aluminium
Plug & Seal	Acetal & HT Silicone
Thermofluid	Water
Max. solvent bpt	155 °C
Oven drying	Max. Temp. 60 °C
Dishwasher	Max. Temp. 50 °C
Autoclaving	Do Not Autoclave
