- To protect our customers and employees from the spread of the COVID-19 virus, we undertake to adhere to the following infection protection principles and hygiene rules:

### **1) Antigen test**

Our staff undergoes a COVID-19 antigen test before starting stand duty at each new location and only start their duties if the result is negative.

### **2) Hand hygiene**

Please understand that we would like to refrain from shaking hands for hygienic reasons.

Before entering the exhibition area, hands must be thoroughly cleaned with the disinfectant provided. Employees of the company Heidolph have to disinfect their hands before and after each personal contact, as well as before each training unit.

### **3) Disinfection of exhibits**

After each training session, each device is thoroughly cleaned with the surface disinfectant intended for this purpose.

### 4) Instructions for action in suspected cases

Any person with malaise / symptoms (fever, dry cough, fatigue, sore throat, loss of taste or sense of smell, etc.) must stay away from the exhibition site and are requested to go to the doctor or the responsible health department immediately.

### 5) Staff instruction and active communication

- Each employee is informed in detail about the protection and hygiene concept before starting the stand service. The instruction shall be documented in writing.
- Interested parties will be informed of the measures to be followed before entering the exhibition area.

Schwabach, 17.5.2022

Place, date
